Our guiding principle of providing total customer satisfaction along with high quality workmanship has helped us to accomplish and retain a trusting client base that ensures their return time after time.

We provide a domestic mobile service by visiting you in the comfort of your own home appreciating the fact that in today's world not everyone has the time or inclination to visit showroom after showroom with all the inconveniences that accompany it.

Selecting the right carpet for your home can be a daunting task especially when you consider the amount of different qualities and designs available. At Mercian Carpets make the whole process a lot less stressful and ensure the customer selects the product and colour scheme that best suits their existing fabrics and soft furnishings.

We deal with all large brand named manufactures and wholesalers and cater for all budgets. We ensure value for money and a quality finish are achieved no matter how big or small the job in hand which we believe is key to our success in retaining and expanding our loyal client base.

*As a domestic client we were extremely pleased with the initial advice and following service from Mercian Carpets. The fitter was excellent! Polite, trustworthy and thoroughly professional and his finished work could not be faulted. We will use and recommend Mercian Carpets in future.*

Mrs Joyce Fitzpatrick - Stourport on Severn

# Karndean

We also supply and fit Karndean - a highly versatile floor covering that offers the look and feel of natural materials with none of the practical drawbacks.

This specialist surface requires very little maintenance as it doesn't chip or crack under strain and spillages can simply be wiped clean. It can also absorb heavy objects being dropped unlike ceramic tiled floors, often without the object itself being damaged.

The ultimate benefit to this product is not just its versatility but its affordability which surprises some people as it is such a high quality product. We are an approved Karndean Dealer and carry their full range of products. We can arrange to visit you with sampling of the complete range at either your home or business at a time to suit you.
